Price List of "Dependable Nursery Stock"

GUARANTEED TRUE TO NAME

**Hardy • Thrifty • Fibrous-rooted Trees and Plants
Delivered to You in a Good, Healthy, Growing Condition**

Greetings to Our Friends and Customers: We take pleasure in presenting this Price List to our many friends and patrons, and thank them for their generous support in the past, a continuance of which we respectfully solicit. To those unacquainted with us, we briefly state that our nurseries are situated in Niagara County, the greatest fruit producing county in the Empire State, if not in the United States, located close to the shore of Lake Ontario, near the village of Wilson, in the Garden Spot of the Niagara Fruit Belt.

Freshly Dug Trees. True To Name and guaranteed to reach you in a good, healthy, growing condition. Our trees remain in the ground all winter. We usually commence digging about April 1st.

A trial order will demonstrate the fact that our trees are strictly first class, thrifty, well-developed and possess an abundance of fibrous roots, which are essential to successful transplanting.

Order early. Oftentimes we are sold out of certain varieties before planting time, in which case we return the money. No substitution is allowed in the filling of orders.

Use Order Sheet. Please make out your order on order sheet enclosed, writing your name, Post Office and R. R. Station plainly, so as to avoid delay at shipping time.

TERMS—HOW TO REMIT. Cash with order, except in large orders when satisfactory reference is given. We will ship trees and plants, C.O.D., if 25% of the total amount of your order is sent in cash. The balance to be collected on delivery of stock.

Remittances should be made by check, Post Office money order, express money order or draft on New York bank, or registered letter.

Our nurseries are Government Inspected and Certificate of Inspection by the Department of Agriculture and Markets, Albany, N. Y., accompany every shipment.

This Price List is our only salesman. Buy direct and save money. We solicit your order and thank you.

Located in the center of the Famous Fruit Belt of Niagara County for the past thirty years

NEW AND TRUSTWORTHY VARIETIES

EARLY McINTOSH RED

McIntosh Red (Solid Red Strain). A very attractive red apple of the highest quality. Hardy, bears young and annually. A leading, profitable, commercial sort for New York and New England. Productive. October to January.

McINTOSH RED (SOLID RED STRAIN)

CORTLAND APPLE

Early McIntosh. Fruit growers are in need of an early red apple of good quality. That is what Early McIntosh is. Besides pleasing the taste, this early apple pleases the eye. The red is handsome; the uniform round-oblata shape is most attractive and permits packing in various packages in which the apples fit well and look well. The size of the fruit is about that of McIntosh and it is similar to and quite the equal of McIntosh in flavor. The trees are vigorous, hardy, healthy, productive, and bear annually. Ripens in Aug.

A splendid selling apple for roadside trade. Early money.

Cortland. "The most promising of the tree-fruits that have originated at this station," says the New York State Experiment Station. Resembles the popular McIntosh, but fruits are larger, brighter in color, of richer flavor, and the flesh is firmer, more juicy and keeps better. Largely used as an excellent pollinizer for McIntosh and other varieties.

FRUIT DEPARTMENT—Apples

The varieties described below are the best known sorts. Their value has been proved and they will produce fine fruit in proper abundance.

PRICES OF ALL VARIETIES OF APPLE TREES

	1-4 Each	5-24 Each	25 & up Each
First Class, large size, 2 year, No. 1 Grade, 5 to 7 ft., $\frac{3}{4}$ up.....	40c	35c	30c
First Class, medium size, 2 year, 4 to 6 ft., $\frac{5}{8}$ to $\frac{3}{4}$	30c	25c	20c

SUMMER VARIETIES

Early Harvest—Pale yellow; fine flavor. Late July.

Early McIntosh—Size of fruit about that of McIntosh and is similar to and quite equal in flavor. July.

Red Astrachan—Fruit large, crimson, juicy. July and Aug.

Sweet Bough—Large, pale yellow; sweet and juicy. Aug.

Yellow Transparent—Medium size, yellow, sub-acid. Aug.

AUTUMN VARIETIES

Duchess of Oldenburg — Medium size; red striped; juicy. Aug.

Fall Pippin—Large, yellow, tender, juicy and rich. Sept.

Maiden's Blush—Large, pale yellow with red cheek. Sept.

Pound Sweet—Large, round, yellow russet. Oct.

Red Gravenstein—This red sport is more attractive than Gravenstein. It differs from it only in the solid dark red colored fruits.

WINTER VARIETIES

Baldwin—Large, strong, vigorous trees; produces an abundance of large apples of a bright red color, with yellowish, crisp, tender, very juicy flesh. Nov. to April.

Cortland—A beautiful red apple, larger than McIntosh and matures a month later. Excellent quality, keeps late in winter and fine shipper. Nov. to Feb.

Delicious—Fruit large, nearly covered with brilliant dark red. Flesh fine grained, crisp, of highest quality. A splendid keeper and shipper. Nov. to April.

Fameuse—Medium size; deep crimson, flesh white. Oct. to Dec.

Golden Russet—Medium size, clear golden russet with slight flush; juicy, high flavored. Nov. to April.

Grimes Golden—Medium to large size, skin golden yellow, sprinkled with gray dots; flesh crisp, tender, juicy, sprightly. Dec. to April.

Jonathan—Fruit red, highly flavored. Tree productive and early bearer. Nov. to Jan.

King—Flesh yellow, crisp, tender, juicy, sub-acid. Skin yellow, mottled with orange red. Oct. to Jan.

McIntosh Red—An exceedingly valuable, hardy, attractive apple; good size, nearly covered with red. Flesh white, fine, tender, juicy and refreshing. Tree hardy, vigorous, a good annual bearer, comes into fruiting early, yielding large crops. Oct. to Jan.

Northern Spy—A hardy, large, red apple. Flesh juicy, rich, crisp, tender. Tree healthy, strong grower, rugged. Dec. to Mar.

Red Spy—A splendid bright red Spy, without stripes or splashes. It has been recommended by the N. Y. State Fruit Testing Co-Op. Ass'n. Dec. to Mar.

R. I. Greening—Large, flesh yellowish, firm, fine grained, crisp, tender, juicy, slightly sub-acid, very good. Skin yellow. Keeps until April, ripens in Dec.

Rome Beauty — Large, round, mottled and striped red. Flavor and quality excellent. Dec. to Mar.

Stayman's Winesap—Medium to large, green and yellow. Flesh yellow. Bears young and annually. Dec. to April.

Tolman Sweet—Yellow, flesh white, rich. Nov. to April.

Twenty Ounce—Very large, yellow striped red; fine quality; good keeper. Oct. to Jan.

Wegener—Fruit medium, tender, firm and juicy. Bright pinkish red. Dec. to May.

Wealthy—Large, roundish, skin smooth, oily; covered with a dark red. Flesh white, tender and juicy. Oct. to Jan.

Winter Banana—Large, perfect form, golden yellow; flesh lemon yellow, fine grained. Nov. to Jan.

York Imperial—Medium size, skin yellow almost covered with red. Nov. to Feb.

BEST HARDY CRAB APPLES

Hyslop—Fruit deep crimson. Oct.

Whitney—Flesh yellowish, crisp and juicy. Sept.

PRICES OF STANDARD PEAR TREES

Size	Age	1-4 Each	5-24 Each	25 & Up Each
Largest, 2 yr., 5 to 7 ft., $\frac{3}{4}$ and up.....		50c	45c	40c
Medium, 2 yr., 4 to 5 ft., $\frac{5}{8}$ to $\frac{3}{4}$		40c	35c	30c

List of Varieties

Anjou—Best late Fall. Oct.

Bartlett—Leading commercial sort. Sept.

Beurre Bosc—High quality. Gourd shape. Oct.

Clapp's Favorite—Very hardy. Early Aug.

Duchess—Large. Dependable cropper. Oct.

Flemish Beauty—Very hardy. Yellow. Sept.

Kieffer—Excellent grower. Prolific. Sept.

Seckel—Best for preserving and pickling. Sept.

Sheldon—Large, round. Fine quality. Oct.

Vermont Beauty—Excellent cropper. Oct.

Worden Seckel—Larger than Seckel. Oct.

If you are planning on setting out an orchard for commercial purposes, we recommend: Baldwin, Cortland, Delicious, McIntosh Red, Northern Spy, Red Spy, Rome Beauty and Wealthy. These varieties will produce excellent returns on the investment over a long period of years.

CHERRIES

PRICES OF ALL VARIETIES OF SWEET CHERRIES

	1-4 Each	5-24 Each
First Class, large size, 2 year, No. 1 Grade, 5 to 7 ft., $\frac{3}{4}$ up...	60c	50c
First Class, medium size, 2 year, 4 to 5 ft., $\frac{5}{8}$ to $\frac{3}{4}$	50c	40c
Bing—One of the most delicious sweet cherries. Fruit is large, black, and of very fine quality.		
Black Tartarian—Very large, bright purplish black; half tender, juicy, very rich, excellent flavor; productive. Free. First or middle of July.		
Governor Wood—Large, yellow marbled with light red. Sweet and rich. Productive. June.		
Lambert—Very large, purplish red. Firm and rich. Very productive. Late July.		
Napoleon (Royal Ann)—Large, pale yellow with bright red cheek. July.		
Schmidt's Biggareau—Very large, deep ma- hogany color. Very juicy. July.		
Windsor—Large, very dark red, firm and rich. July.		
Yellow Spanish—Pale yellow with bright red cheek. Productive. June.		

PRICES OF ALL VARIETIES OF SOUR CHERRIES

	1-4 Each	5-24 Each
First Class, large size, 2 year, No. 1 Grade, 5 to 6 ft.....	40c	35c
First Class, medium size, 2 year, 4 to 5 ft.....	35c	30c
Early Richmond—Medium size; dark red; melt- ing, juicy, sprightly, acid flavor. This is unsurpassed for cooking purposes, and is exceedingly productive. Free. June.		
English Morello—Medium to large; blackish red; rich, acid, juicy and good; very pro- ductive. August.		

Montmorency—A large red, acid cherry, larger
than Early Richmond and fully ten days
later. Very profitable. Last of June. The lead-
ing commercial variety, and the best canning
Cherry.

NUT TREES

Black Walnut—Grows from 40 to 60 feet high.
Large crops of nuts with rough hard shell
containing rich, oily kernels of fine flavor.
Trees 4 to 5 ft. high, \$1.00 each.

Butternut—Large longish nuts with sweet,
oily, nutritious kernels. Trees 4 to 5 ft.,
\$1.00 each.

English Walnut—A fine lofty growing tree,
producing large crops of thin shelled de-
licious nuts. Trees 3 to 4 ft. high, \$1.25 each.

QUINCES

THE Quince is highly valued for preserves,
marmalades, jellies and flavoring purposes, and
is worthy of more extensive planting. Thrives
in warm, fertile soil, and the quality of the
fruit improves with cultivation.

Large size, 4-5 ft., 50c each.

Champion—Fruit very large; flesh cooks tender.
Tree vigorous; bears young; season two
weeks later than the Orange; keeps until
January.

Meech's Prolific—Ripens between the Orange
and the Champion. Bears early. Good quality
and large size.

Orange—Fruit large, round, with a short neck;
color bright yellow; flesh firm and tough un-
til cooked, when it becomes tender, juicy and
of excellent flavor.

Rea's—The largest and in every respect the
finest variety of the quince.

APRICOTS

BEAUTIFUL and delicious fruit. In quality
and appearance is between the plum and peach,
combining qualities of both. Ripening early,
together with its delightful flavor, makes it
one of the most valuable fruits for the garden.

PRICES OF ALL VARIETIES OF APRICOT TREES

Largest size, 2 year, Each 10 3 to 5 ft., 9/16 and up	50c	\$4.00
Alexander—Fruit yellow, flecked with red, very beautiful and delicious. July.		
Alexis—Very hardy; an abun- dant bearer; yellow, with red cheek; large; slightly acid, rich and luscious.		
Budd—Medium to large; light orange with blush on sunny side; flesh sweet, juicy, with flavor of the peach; hardy and productive.		
Royal — Hardy and abundant bearer; yellow, with red cheek; large; slightly acid, rich and luscious. July.		
Moorpark—One of the largest. Orange red cheek; firm, juicy, with a rich flavor; productive. August.		

PEACHES

PRICES OF ALL VARIETIES OF PEACH TREES

	1-4 Each	5-24 Each	25 & Up Each
First Class, large size, No. 1 Grade, 4 to 6 ft.	30c	25c	20c
First Class, medium size, 3 to 4 ft.	25c	20c	15c
First Class, smaller size, 2 to 3 ft.	20c	15c	10c
Belle of Georgia—Large, white with red cheek. July. Free.			

Carman—Large, creamy white with deep blush; skin tough, flesh tender, fine flavor and quite juicy. August.

Champion—An extremely large, handsome early variety, creamy white with red cheek, sweet, rich and juicy. August.

Crawford, Early—A large yellow quality peach. September.

Crawford, Late—A superb, large yellow peach. Late September.

Elberta—Large, oval, yellow with red cheek; flesh yellow, firm, juicy and of high quality. Leading peach in all sections. Early September. Free.

Golden Jubilee—Large, early yellow peach of Elberta type. Ripens three weeks earlier. Skin yellow blushed red; flesh yellow, juicy, sweet. Free.

Hale Haven—Large, new yellow Freestone; developed at Michigan Experiment Station. Its high color even before complete ripening gives it great market value because of the advantage of premature picking, packing and shipping without loss. Hardy and productive. Ripens two weeks before Elberta.

Hale, J. H.—Large, beautiful golden yellow with deep carmine blush. Heavy bearer when planting with it South Haven or Rochester for pollen. Late August. Free.

Oriole—Fruit medium to large, yellow; one week ahead of Rochester. Notable as an early peach of high quality. Free.

Rochester—Fruit large, yellow, with attractive red blush; juicy and delicious. An annual and prolific bearer. Mid-August. Free.

South Haven—Flesh yellow. Juicy and deliciously sweet; exterior yellow with red cheek. Late August. Free.

Valiant—Seedling of Elberta; very promising. Fruit large, roundish, oblate, yellow blushed with red; firm, juicy, very good quality. Season about September 1st.

Vedette—From Elberta seed; large, yellow fleshed freestone, superior to Elberta in quality and color. Early September.

Veteran—Cross between Vaughan and Early Elberta; large, yellow flesh, superior to Elberta in quality; ripens about September 1st. Free.

PLUMS

Plums of European Type PRICES OF ALL VARIETIES OF PLUM TREES

	1-4 Each	5-24 Each	25 & Up Each
First Class, large size, 2 year, No. 1 Grade, 5 to 7 ft., $\frac{3}{4}$ up	50c	45c	40c
First Class, medium size, 2 year, 4 to 5 ft., $\frac{5}{8}$ to $\frac{3}{4}$	40c	35c	30c

Bradshaw—A very large, oval, dark violet red; juicy, sweet and good; a valuable market variety. Tree very vigorous, erect and productive. Middle of August.

Fellenburg (Italian Prune)—A fine late plum; oval, purple; flesh juicy and delicious; parts from the stone; fine for drying. Tree very productive. September.

German Prune—Fruit long, oval purple with thick bloom. Flesh firm, sweet and delicious. Excellent commercial sort. September. Free-stone.

Grand Duke—Large, dark violet red. Last of September.

Imperial Gage—Large, greenish yellow. Very productive. August.

Lombard—Medium, dark red. Hardy. August.

Monarch—Very large, bluish purple. Bears young. September.

Reine Claude (Bavay's Green Gage)—Large, pale yellow marked with red. Fine quality. Middle of September.

Shropshire Damson—A delicious little plum much esteemed for canning. Dark purple. Enormously productive. October.

Stanley—New. Introduced by New York State Experiment Station. Large, prune-shaped, dark blue becoming bluish-black. Flesh greenish yellow, juicy, fine grained, sweet. Mid-season. Price 5c each higher than other varieties.

Yellow Egg—Golden yellow covered with thick bloom. Very productive. September.

JAPANESE VARIETIES

Abundance (Botan)—Beautiful lemon yellow ground, nearly overspread with bright cherry and with a heavy bloom; large to very large, oblong, tapering to the point. Flesh orange yellow. August.

Burbank—Large and beautiful, clear cherry red with a thin lilac bloom; flesh a deep yellow, very sweet with a peculiar and very agreeable flavor. Ripens later than the Abundance; end of August.

Red June—An early ripening Japanese plum; medium to large; roundish, conical, purplish red, handsome; flesh yellow, quality good.

Wickson—A sturdy, upright grower; fruit remarkably handsome, deep, maroon-red, covered with white bloom; stone small; flesh fine texture, firm, sugary and delicious; excellent keeper and shipper. August.

Our Nurseries are Government Inspected. Buyers are protected by receiving Certified, Government Inspected Nursery Stock. Certificate of Inspection accompanies every shipment.

GRAPES—The Incomparable Trio

Three new outstanding varieties originated at New York State Experimental Station, Geneva. Early, luscious, productive, filling a long felt want for home and commercial purposes.

Portland—A new white and earliest of all grapes. Large bunch and berry; flesh sweet, juicy and of fine flavor. A valuable early grape for home gardens and already holds first place as the best early market variety. Price, 25c each.

Fredonia—The best early black grape now grown. Berries large, juicy and sweet, borne in large, compact clusters. The fruit is covered with a blue bloom which renders the bunches very attractive. Earlier than either Moore's Early or Champion. Price, 25c each.

Ontario—Another new white grape. It is a seedling of Diamond crossed with Green Mountain and follows Portland very closely in ripening. An excellent blending of acid and sugar, hence the taste is sprightly and yet sweet. Vine a strong vigorous grower and very productive. Especially recommended for home use. Price, 25c each.

Selected Hardy Native Grapes

Easy to Grow and Very Profitable

Extra Size 2-Year-Old Vines

PRICES OF ALL VARIETIES EXCEPT
CONCORD AND CACO

	Each	10	100
2 Year, No. 1.....	20c	\$1.50	\$11.00
5 at 10 rate, 20 or more at 100 rate.			

CONCORD

	Each	10	100
2 Year, No. 1.....	15c	\$1.00	\$6.00
1 Year, No. 1.....	10c	.50	4.00

Twenty or more at 100 rate.

Agawam (Red)—Bunch large, compact, shouldered; berry large, dark red or nearly black; flesh tender, juicy, vinous and good quality; later than Concord.

Brighton (Red)—Bunch medium to large, quite compact; flesh rich, sweet and best quality; color dark crimson or brownish red; vine vigorous and hardy.

Caco (Red)—This new red grape has a most delicious flavor, and is of the highest quality. It is one of the earliest grapes in ripening. 25c each, 10 for \$2.00.

Campbell's Early (Black)—A strong, vigorous and hardy sort; ripens early and bears abundantly; berry large, black with blue bloom; tender, sweet and rich; good market berry; it is a good shipper and long keeper.

Catawba (Red)—Dark red. Bunches large, berries medium. Best quality for table and wine. Late.

Concord (Black)—The leading commercial grape. Color blue-black. Bunches and berries large. Hardy, productive and an excellent shipper. Succeeds over large area. Excellent for grape juice. Midseason.

Delaware (Red)—Bunches and berries small. Light red, unusually sweet and delicious. Early.

Diamond (White)—The leading early white grape. Excellent quality.

Moore's Early (Black)—Berries and bunches large. Black with blue bloom. Fine quality. Early.

Niagara (White)—The most popular white grape. Bunches and berries extra large. Vigorous, productive and a good keeper. Midseason.

Worden (Black)—A large early black grape of fine quality. Berries and bunches large.

RASPBERRIES

PRICES OF STRONG, HEALTHY PLANTS

Twenty-five	Hundred	Thousand
\$1.00	\$2.50	\$20.00

300 or over at 1,000 rates.

Chief (Red)—The finest early red raspberry for general planting. Large, firm and a very heavy yielder. Ripens 10 days before Latham.

Cuthbert (Red)—Large, crimson, hardy and prolific. Fine for market or garden. Excellent quality. Midseason.

Cumberland (Black)—Large, glossy black, firm, of excellent quality. Hardy and productive. Early to midseason.

Columbian (Purple)—A fine commercial sort. Vigorous, very productive, excellent canner. Fruit large, purple, firm. Midseason.

Indian Summer—New Everbearing Red Raspberry. Berries large, conical, much superior in quality and size to any of this type. Prices—\$1.50 per 25, \$4.00 per 100.

Latham (Red)—Large, round, firm, brilliant red. Most profitable commercial variety. Hardy, very prolific, an excellent shipper and a perfect variety for canning. Early. Ripens evenly over a very long season.

Marcy—This variety was offered for the first time in 1936. The berries, the largest of any variety in the Station collection. The plants are tall, vigorous, healthy and hardy. Worth trying for market and home use, being especially noteworthy for the very large berries, vigor and productiveness of the plants.

Newburg (Red)—A new variety of excellent color and quality. Very large and firm. Fine keeper and shipper. Vigorous, hardy and very productive. Three or four days earlier than Cuthbert.

Plum Farmer (Black)—One of the best commercial sorts. Berries large, thick meated, firm. Very productive. Early midseason.

St. Regis (Everbearing)—A bright crimson berry of excellent quality. Fruit commences to ripen with the earliest and continues to ripen on young canes until October.

Sodus—New Purple Raspberry from New York Experimental Station. Fruit is large, firm, medium purple color, and does not crumble. Plants hardy and very productive. Prices—\$1.25 per 25, \$4.00 per 100.

Taylor—A new Red Raspberry introduced by the New York State Experimental Station. Plants are vigorous, hardy and productive. Long, conical shape, firm, thick flesh. Excellent quality, ripens just before Latham.

BLACKBERRIES

PRICES OF NO. 1 STRONG PLANTS, BEST SELECTED VARIETIES

25 for \$1.00, 100 for \$3.00, 500 for \$13.00,
1,000 for \$22.00

Blowers—Claimed to be the hardiest, most productive, of finest quality and to bring the highest market price.

Eldorado—The vines are very hardy and vigorous, and their yield is enormous. The berries are large, jet black, borne in large clusters and ripen well together; they are very sweet, melting, have no hard core and keep for eight or ten days after picking with quality unimpaired.

Mersereau—Remarkable strong grower, upright, producing stout, stocky canes. An enormous producer of extra size berries, which are brilliant black and retain color; extra quality; sweet, rich and melting, without core. Ripens very early.

CURRANTS

PRICE OF ALL VARIETIES OF CURRANT BUSHES, EXCEPT PERFECTION AND RED LAKE

Extra Size, 2 Year, Strong Bushes, 20c each,
10 for \$1.50

Cherry (Red)—Very large; deep red; rather acid; bunches short.

Fay's Prolific (Red)—Of large size, fine flavor and twice as prolific as the Cherry.

Perfection (New)—Color, bright red. Larger than Fay and Cherry. Very productive. Quality fine. Not as acid as Fay. 25c each, 10 for \$2.00.

Red Lake—An outstanding new introduction from Minnesota. The berries are extra large and the bunches long and well filled to the tip. The exceptionally long stems make them easy to pick. The bushes are thrifty and extremely productive. It's easy to grow and you will enjoy picking the long bunches. Ripens early midseason, but holds on over a long period so it can be used or marketed as desired. 25c each, 10 for \$2.00.

White Grape—The finest of the white sorts.

Wilder—A red currant, productive to the highest degree. Excellent in size and quality.

GOOSEBERRIES

FINE FOR PIES—EASY TO GROW— VERY PRODUCTIVE

Downing—Medium to large, pale green. Quality good. Upright productive bush. Midseason. The most widely grown variety.

Houghton—Small, dull reddish brown fruit, tender, juicy, sweet, and pleasant, ripening soon after mid-summer. Profuse bearer.

Josselyn—Marvelously productive. Large size dark red.

PRICES OF GOOSEBERRIES

2 Year, Extra Fine, 25c each, \$2.00 per 10,
\$8.00 per 50, \$15.00 per 100

STRAWBERRIES

The following two recent introductions of the U. S. Department of Agriculture Dorset and Fairfax are considered by most strawberry growers as superior to other standard varieties both for home and commercial use.

Prices—25 plants 50c, 50 plants 75c,
100 plants \$1.00, 500 plants \$4.50,
1,000 plants \$8.00.

Dorset—An extra early self pollenizing offspring of Premier. Plants are large and healthy, withstanding drought, excessive rains and frost better than any other standard variety. Does well on poor soil. Berries large, evenly matured, light bright red. Excellent for market or home use.

Fairfax—Another excellent new variety ripening early, about same time as Premier. Very vigorous and a fine plant maker. Withstands adverse conditions well and ripens evenly over a long period of ripening. Berries large and very attractive. Every strawberry grower should set Dorset and Fairfax.

Premier—An early, productive variety of unsurpassed quality. Vigorous and healthy.

Strawberry Plants Sent by Parcel Post
or Express.

RHUBARB—Pieplant

Excellent for pies or sauce, and very desirable for canning. Plant 3 or 4 feet part in rich garden soil.

Prices of Extra Strong Two Year Roots:
20c each, \$1.75 per 10, \$10.00 per 100.

MYATTS LINNEAUS—The best known and most widely planted variety. Large, early, tender—not the least tough or stringy—with mild sub-acid flavor.

ASPARAGUS

Prices, Extra Strong,
2 Year

60c per 25, \$1.25 per
100, \$10.00 per 1,000.

Conovers Colossal—A large size standard variety of excellent quality.

Palmetto—A very early, even-growing variety of good quality.

Washington—By far the best variety. Large size, rapid growing, very productive, rust resistant.

ORNAMENTAL HEDGES

Amoor River Privet—A hardy vigorous grower recommended for sections too cold for California Privet. Strong bushes, 18 to 24 in.
\$1.00 per 10, \$7.00 per 100. 50 at 100 Rates.

Barberry Thunbergi—Best for informal hedge 2 to 3 ft. high. Plant 2 feet apart. Extra strong bushes.

	Each	10	100
12 to 18 in.....	15c	\$1.00	\$ 8.00

Shade and Ornamental Trees

American Elm—Tall vase shaped. Fine for street planting. 8 to 10 ft., \$1.50 each.

Bechtel's Flowering Crab — Lawn tree. Medium grower. Double rose shaped pink blossoms. 3 to 4 ft., \$1.00 each.

Gold Bark Willow — An upright growing tree with showy golden bark conspicuous during the Winter. Price—6 to 8 ft., \$1.00 each.

Norway Maple—Excellent street and shade tree. Strong, fast grower. 8 to 10 ft., \$1.75 each.

Carolina Poplar—Hardy, fast growing tree with large leaves. 6 to 8 ft., 50c each, \$4.50 per 10.

Catalpa Bungeii (Umbrella Tree)—Large, heart-shaped leaves making symmetrical umbrella shaped top. Two year heads. 6 to 8 ft., \$1.00 each.

Chinese Elm—A very rapid grower with small dense foliage. Resembles Norway Maple in shape. 8 to 10 ft., \$1.50 each. 6 to 8 ft., \$1.25 each.

Cut-Leaved Weeping Birch — Tall, slender, weeping tree. Silvery white bark. 6 to 8 ft., \$2.00 each.

Lombardy Poplar—Tall, fast growing spire-like tree. Fine for marking lanes or boundaries. 8 to 10 ft. 75c each, \$7.00 per 10. 6 to 8 ft., 60c each, \$5.00 per 10.

Mountain Ash — Handsome small tree with clusters of bright red berries. 5 to 6 ft., \$1.25 each.

Silver-Leaved Maple—Large spreading tree. Foliage silvery underneath. 8 to 10 ft., \$1.00 each.

Oriental Plane (European Sycamore)—A rapid growing, lofty, wide spreading tree. Very desirable for street planting. 8 to 10 ft., \$2.00 each.

Maple, Schwedler—Reddish purple foliage in early spring, changing to deep bronze in fall. Price—6 to 8 ft., \$2.00 each.

Maple, Sugar or Rock — Is considered slow grower, but long-lived. Price—8 to 10 ft., \$2.00 each.

Maple, Wier's Cut-Leaved—One of the most remarkable and beautiful trees, with cut or dissected foliage. Its growth is rapid, shoots slender and drooping, as graceful as cut-leaved birch. 8 to 10 ft., \$1.50.

Mulberry, Downing—This tree is not alone valuable for the large, refreshing berries it bears, but is very handsome as a lawn or street tree. This should be in every yard or garden. 5 to 7 ft., \$1.00 each.

Mulberry, Russian — Very hardy, vigorous grower, very productive, fruit black and of medium size. 5 to 7 ft., 60c each.

PAUL'S SCARLET CLIMBER

Hardy Climbing Roses

PRICE 2-year No. 1 Bushes

40c each; \$3.50 per 10

5 at 10 Rate

Climbing American Beauty — Rich carmine pink, the large, finely shaped flowers being borne singly or in threes. Rambler type.

Climbing Lady Hillingdon — Beautiful large flowers of apricot and saffron-yellow. It blooms all the time. 50c each.

Climbing Mme. Caroline Testout—Climbing form of the well known Hybrid Tea. Probably the hardiest of the type and very free-blooming. 50c each.

Crimson Rambler—Vigorous, hardy and extremely prolific. It blooms in clusters of a beautiful crimson color and lasts a long time.

Dorothy Perkins—Beautiful shell-pink. Flowers double, large, usually two inches across and borne in loose clusters.

Paul's Scarlet Climber—Vivid scarlet, good size, semi-double, freely produced in clusters of from 3 to 20 flowers each, the plants being literally covered from top to bottom with bloom.

Silver Moon — Beautiful, semi-double, pure white, four inches in diameter, with a cluster of prominent yellow stamens in the center.

Dr. W. Van Fleet—Large flowers of exquisite pale pink on fine, long stems. Extremely vigorous, and has marvelously fine foliage. One of our most popular of all climbers.

Yellow Rambler — Clusters of light canary-yellow flowers.

Beautiful Flowers, a Beautiful Garden. A Source of Pleasure, Satisfaction and Pride to the Owners and the Community.

Exquisite Grace and Beauty—The Roses

HARDY ROSE BUSHES

The varieties that we offer for sale are strong, thrifty, two-year-old, field grown, bloomed in the nurseries the past season. The very best that skill, experience and capital can produce.

Hybrid Perpetual Varieties

The Hybrid Perpetuals or "June Roses" are among the hardiest and most vigorous of the double bush roses. In general the blooms are very double, large and full. Always satisfactory in any part of the country. This class of roses has been gaining in popularity of late because they are not exacting in the care required to grow them successfully.

Prices All Varieties
Each 40c, per 10 \$3.50
5 at 10 Rates

- Alfred Colomb—Crimson. Full, finely shaped flowers.
Anne de Diesbach—Pink, long pointed buds.
Captain Hayward—Bright scarlet, large flowers.
Fisher Holmes — Magnificent reddish scarlet beneath a black, velvety sheen.
Frau Karl Druschki—The best white rose of any class. Almost a constant bloomer.
General Jacqueminot—Bright crimson. Very free blooming.
George Arends (Pink Frau Karl Druschki)—The best clear pink rose.
Harrison's Yellow—Deep golden-yellow.
Hugh Dickson—Large, brilliant scarlet blooms, full and fragrant. Established plants almost everyblooming.
Magna Charta—Rosy-pink, tinted carmine.
Margaret Dickson—White with flesh center.
Marshall P. Wilder — Crimson, full; extra large.
Mrs. John Laing—Soft pink, very fragrant. Blooms throughout season.

- Paul Neyron—Pink, shading to rose.
Prince Camille de Rohan—Deep maroon of velvety texture.
Soliel d'Or—Reddish-gold, shaded with orange.
Ulrich Brunner — Bright carmine-red, cup-shaped flowers. An old favorite.

WEIGELA EVA RATHKE

Who Doesn't Love Beautiful Flowers. Almost Every Man, Woman and Child has a Favorite Flower.

EVERGREENS

Evergreens are the aristocrats of the home grounds, and we highly recommend their use for home plantings. Our evergreens are all fresh dug with the roots balled in rich soil.

American Arborvitae (White Cedar) — Soft bright green foliage. Erect, broadly pyramidal habit—a rapid grower. Can be trimmed and kept to any form or height. Price—3 to 4 ft., \$1.50 each; 5 to 7 ft., \$2.00 each.

Globe Arborvitae—A dense, low, natural globe shaped evergreen, excellent for foundation planting or planting along walks or driveways. Price—15 to 18 in., \$1.00 each.

Pyramidal Arborvitae — A densely compact pyramidal type with deep green foliage. The most popular columnar type for home beautification. Price—2½ to 3 ft., \$1.25 each; 6 to 8 ft., \$3.00 each.

Irish Juniper—A splendid columnar shaped evergreen with fine sage green foliage. Erect, compact, slender and formal in habit. Price—2½ to 3 ft., \$1.50 each.

Mugho Pine—A genuine Dwarf Pine. Very

dense. Assumes a general globular form. Leaves, short, stiff and rich green color. Fine for punctuating walls and driveways and for foundation planting. Price—15 to 18 in., \$2.00 each.

Pfitzer's Juniper—A striking, low growing, spreading evergreen, with fine dark green foliage. Fine for foundation and general purpose planting. Price—18 to 24 in., \$2.00 each.

Colorado Blue Spruce—One of the showiest and most impressive evergreens. A broad pyramidal shaped tree with beautiful foliage of bright silvery blue color. Price—2½ to 3 ft., \$2.00 each; 6 to 8 ft., \$5.00 each.

Norway Spruce—The evergreen most commonly used for Christmas trees. Tall, open, pyramidal shaped tree with dark green foliage. Can be kept trimmed to any size or shape. Price—2½ to 3 ft., \$1.00 each.

Colorado Green—Similar to Colorado Blue but range in color from green to light blue. Very showy. 5 to 7 ft., \$3.50.

2 for \$6.00. Will add beauty to your lawn.

Hardy Climbing Vines

Beautiful for Softening Bare Walls, Fences and Trellises

STRONG, THRIFTY, WELL-ROOTED, 2-YEAR-OLD VINES

PURPLE WISTARIA

Chinese Purple Wistaria—A very beautiful, popular species, with racemes of pale lilac flowers borne in great profusion in May. An exceedingly graceful climber for training on porches or arbors. The stems grow quite large, climb high and twine tightly. Their growth is very rapid. 60c each.

Chinese Matrimony Vine — Vigorous and hardy climber, flowers bright purple, succeeded by scarlet berries, nearly one inch long. Excellent for trellises. 40c each.

Ampelopsis Veitchii (Boston Ivy). For covering buildings of brick and stone; clings tightly to the smoothest surface. Bright green leaves, changing to brilliant colorings in fall. 40c each.

Clematis Henryii—Single; the finest white Clematis; very large, fine flowers; grows rapidly; blooms freely during summer and autumn. 50c each.

Clematis Jackmanni — Single. Very large; deep purple; forms a perfect mass of richest bloom. 50c each.

Clematis Paniculata (Sweet scented Japan Clematis)—The flowers are of medium size, fragrant, pure white, borne in immense sheets in September, when very few other vines are in bloom. 40c each.

Dutchman's Pipe (Birthwort) — Large, heart-shaped leaves and quaint, pipe-shaped green flowers. 60c each.

Hall's Japan Honeysuckle—Flowers white, bloom from July until winter. Fine climber. 25c each.

Trumpet Vine (Bignonia Radicans)—A robust, woody vine. Its orange scarlet, trumpet-shaped flowers cluster at the tip of the branches. 40c each.

Mad. Andre Clematis—The flowers are a distinct crimson red. 75c each.
